

# GLOBAL EAST ASIA TECHNOLOGY CO.,LIMITED

**Product name:**HDTV Indoor Antenna

**Product number:**GL1006

**Feature:**

Support 1080P 50miles range

Multi-directional capability

|                                    |                      |
|------------------------------------|----------------------|
| Frequency Range (MHz)              | 174-862              |
| Bandwidth (MHz)                    | 70                   |
| Input Impedence ( $\Omega$ )       | 75                   |
| V.S.W.R                            | $\leq 1.5$           |
| Gain (dBi)                         | 7-9                  |
| Polarization                       | Vertical             |
| Power Capacity (w)                 | 50                   |
| Mechanical Specifications          |                      |
| Cable Length-m                     | 3                    |
| Connect Type                       | USB/IEC              |
| Working Temp( $^{\circ}\text{C}$ ) | -40~85               |
| Radome Color                       | Black                |
| Dimensions-mm                      | $\varnothing 47*130$ |
