

Omni Directional Fiberglass Antenna

Applications:

UHF400MHz Band
Wireless Video System
Point to multipoint
Base station
antenna

Features:

High gain
Low VSWR
High quality fiberglass tube
radome Steel mounting kit
Mast mounting

Technical Parameter

Model	GLF-400A
Frequency Range- MHz	433.175-434.665
Bandwidth -MHz	14
Gain -dBi	11
Vertical Beamwidth °	10°
Horizontal Beamwidth °	360°
VSWR	≤1.5
Polarization	Vertical
Max Power- W	100
Nominal Impedance-Ω	50
Connector	N female
Length-m	4.7
Weight- kg	5
Working Temperature-°C	-30°~60°
Rated Wind Velocity- m/s	60
Mounting Mast Diameter -mm	Φ40~50
