

## GLOBAL EAST ASIA TECHNOLOGY CO.,LIMITED

**Product type:**Semi-rigid Cable connectors/Right Angle Cable Plugs

**Product number:**GLSMP02

|                                 |                                      |      |
|---------------------------------|--------------------------------------|------|
| Frequency Range(GHz)            | 0-40                                 |      |
| Characteristic impedance(ohm)   | 50                                   |      |
| VSWR                            | ≤1.15                                |      |
| Insulation resistance           | ≥5000MΩ                              |      |
| Dielectric Withstanding voltage | 750V(rms)                            |      |
| Voltage rating                  | 250V(rms)                            |      |
| Contact resistance              | Center conductor                     | ≤6mΩ |
|                                 | Outer conductor                      | ≤2mΩ |
| Connector                       | SMP                                  |      |
| Length(mm)                      | Φ 1.3*5.8*6.8( Φ A=1.3)              |      |
| Apply cable                     | 047/086                              |      |
| Durability                      | 500 Cycles                           |      |
| MATERIAL AND PLATING            |                                      |      |
| Body                            | Brass or phosphor bronze,gold plated |      |
| Male center contacts            | phosphor bronze,gold plated          |      |
| Female center contacts          | Beryllium copper,gold plated         |      |
| Insulators                      | PTFE                                 |      |
| Gaskets                         | Glass                                |      |
| Crimp ferrules                  | Copper alloy,gold or nickel plated   |      |
| Temperature range               | -65~+165℃                            |      |

Add: Room 826, Block B,BLDG 18, University Science Park(East), Zhengzhou City,P.R.Henan,China.
